

Congratulations

To

Ines Siebrecht

on successful completion of

UX Academy

You started the course with a grasp of visual design fundamentals and design software. During UX Academy, you completed over 440 hours of coursework, building in-depth knowledge of the user experience design process. You took part in regular group design critiques with your fellow students and worked 1-on-1 with your mentors to iterate on your work. Having finished over 50 hands-on assignments and 3 comprehensive capstone projects, you put together a portfolio of your best work.
